

## Lexis Practice Advisor® Canada's Government Bureau

### Depth and Breadth.

The Government Bureau is an all-in-one, tailor-made solution specifically for government lawyers. It combines the below four Lexis Practice Advisor Canada practice area modules into one powerful government-focused package to give you the breadth and depth of content you need to address issues in the following legal practice areas.

#### Commercial Law

Be confident tackling unfamiliar or difficult commercial law issues and better manage risks. Access content such as our land registration and title searches toolkit, and sample commercial and boilerplate clauses. Featured topics include municipal law and land use development, commercial real estate, contract drafting and management, and business structures and governance.

#### In-House Counsel

Assist executives with a broad range of legal matters, including; corporate, insolvency and IP&IT matters. Gain access to cross-module legislative updates, and international in-house counsel content. Featured topics include risk management, privacy and corporate.

#### Employment Law

Get access to specialized content starting from the beginning of the employment relationship to the end, including employment and litigation and wrongful dismissal quantum. Featured topics include employment contracts, civil rights and procedures, labour, compensation and benefits and employment standards.

#### Litigation & Dispute Resolution

Developed to quickly and easily deliver the most important and sought after information, our Litigation & Dispute Resolution module includes tools, practice notes, precedents, and more. The information available in the module provides practical guidance to assist you in efficiently prosecuting or defending a variety of files, providing support at every stage: from the initial client meeting through to the ultimate resolution.

# COMMERCIAL

Designed for the needs of the government commercial lawyer, the Commercial module provides guidance on a wide range of legal topics. Resources and tools such as practice notes, precedents, and more are available to ensure that you have the most up-to-date information to assist you in your daily responsibilities. With trusted content provided from leading experts in the field, the Commercial module contains information on:

- Land registration, title searches and related documentation
- Reading and drafting complex agreements
- Municipal law finance, litigation, organizations, by-laws and conflicts.
- Monitoring developments in commercial law and changes in legislation and regulations
- Land development agreements and checklists
- Advising clients on topics such as leases, corporate governance, director liability and intellectual property due diligence.
