Are you tired of stacking up file folders and loose-leaf paper with hundreds of sticky notes for your case investigations? Looking for a more efficient and collaborative process? We've got you covered, with *CaseMap*®. This software solution will help you organize, analyze and present investigation cases with ease – **regardless of case complexity or subject matter!**

CaseMap® helps you evaluate each matter's strengths and weaknesses while tracking the chronology of events, people involved in your investigations and all relevant documents and issues to create confident case connections. Work collaboratively on issues of infraction, arbitration, complaints, grievances, disciplinary actions and much more.

CaseMap® makes your case investigations as easy as 1 – 2 – 3!

ORGANIZE

- Capture, evaluate and organize all relevant facts, documents, 'cast of characters', evidence and issues collaboratively within one central repository
- Import multiple letters, disciplinary documentation, contracts, emails, photos, meeting notes or excerpts from codes of conduct into *CaseMap*® with one click! Import from a variety of sources including MS Word, Adobe, Outlook and others using the "Send it to CaseMap" feature
- Use the Case Jumpstart wizard to enter the people involved in your investigation, as well as any witnesses and organizations. The wizard will automatically fill in the correct *CaseMap*® spreadsheets using the data you've entered

ANALYZE

- Easily search through critical investigation knowledge using *CaseMap*®, whether it's to locate text, documents or images from across your entire case
- Enhance your ability to understand cases and make connections between facts, issues and evidence
- Standardize the case-analysis process within your organization and share practical and polished insights seamlessly

PRESENT

- Communicate case facts and issues with ease, speed and confidence and share research and insight with other team members
- Develop customizable, polished reports to share details of your investigation throughout your organization or during disciplinary hearings or board meetings
- Store, filter and tag spreadsheets and documents instantly to create timeline visualizations

Are you tired of file folders?
