H.S.T. for PCLaw - Ontario and B.C. Firms (PCLaw Version 10 Service Pack 4)

(Now Available)

Document Revision Date: July 13th, 2010

**All Firms – Consult with your PCLaw CIC, Tax Advisor or Accountant before implementing any of these changes in PCLaw as tax implications may exist. **

Effective July 1, 2010 - Harmonized Sales Tax (H.S.T.) for Ontario

The 2009 Ontario Budget proposed a harmonized sales tax (HST), which would come into effect on <u>July 1, 2010</u>. The HST in Ontario would be 13%, consisting of the 5% federal part and an 8% Ontario part.

Effective July 1, 2010 - Harmonized Sales Tax (H.S.T.) for British Columbia

The British Columbia (B.C.) Ministry of Finance proposed a harmonized sales tax (HST) which would also come into effect on July 1, 2010. In B.C., the HST would be 12%, consisting of the 5% federal part and a 7% B.C. part.

Further details of these changes can be found on the C.C.R.A.'s website <u>http://www.cra-arc.gc.ca/E/pub/gi/notice247/notice247-e.pdf</u>

PCLaw Version 10 Service Pack 4

PCLaw Version 10 Service Pack 4 will pre-set the new default tax values on the Tax tab of System Settings for BC, ON, and NS firms. This controls the rate for all new matters created however, all firms affected by HST must adjust the existing matter tax rates in PCLaw.

All H.S.T. affected firms (Memorized Transactions ONLY)

Firms using the memorized transactions feature in PCLaw for cheques, must ensure that you verify the taxes before accepting the entry, e.g., On a cheque screen, you enter the name of the "Payee", hit tab on your keyboard and PCLaw automatically pre-populates the amount and the taxes, based on the last cheque you wrote to that payee. The concern is that the last time you wrote a cheque to this payee, it was not subject to HST, but now it may be.

If you need to change a memorized transaction, you need to start with a cheque screen, enter the name of the payee, remove the memorized amount from the amount box, re-enter the amount, tab over and ok the entry. PCLaw will memorize this new calculation going forward for any future cheques for that payee.
