1. Enter name of Source you would like to view documents for in the Big Red Search Box.
2. Select Get documents.
3. Lexis Advance Quicklaw retrieves documents in source.

Note: in this example we retrieved Canada Administrative Law Digest. The Court/Date information appears on the right side.
4. To condense your list, and view more documents while browsing the selected Source, simply select the **Condensed View** option in the top, right corner of the screen.

5. Use the **Narrow By** options on the left side of the screen to **Search Within Results** (source), or to select a specific **jurisdiction**, **court**, **time period**, **topic** ... etc.
