ABOUT

Established in Toronto in 1984, **Ellwood Associates Inc.** provides support services to Canadian law firms from coast to coast. We offer expert consulting services in four key areas:

- The Technical Infrastructure of a Law Firm
- The Efficient Operation of a Law Firm
- eDiscovery and Digital Forensics
- Special Projects

We specialize in Legal IT. Our 18 staff have decades of collective experience in all areas of Legal technology. We do everything: software implementation and customization, data conversion, training and integration with other 3rd party products. We manage technology for some of Canada's most successful law firms.
