

# Quicklaw<sup>®</sup> for Microsoft<sup>®</sup> Office: Technical Requirements

Before you install Quicklaw for Microsoft Office, you need to verify that your current system configuration includes the components below. After you verify that all components are in place, go to the [Quicklaw for Microsoft Office Download](#) site to download the automatic Prerequisites Installer.

### System Configuration

	Minimum	Recommended
Processor	1 GHz processor	Intel <sup>®</sup> Core™ 2 Duo processor at 2.66 GHz
Memory (RAM)		Microsoft <sup>®</sup> Windows <sup>®</sup> XP — 4 GB Microsoft <sup>®</sup> Windows Vista <sup>®</sup> — 4 GB Microsoft <sup>®</sup> Windows <sup>®</sup> 7 — 4 GB
Hard Drive Space	300 MB	
Browser*	Microsoft <sup>®</sup> Internet Explorer <sup>®</sup> 7 or higher	
Screen Resolution	1024x768	

\*To determine which Internet Explorer version you have, open Internet Explorer, click **Help** and select **About**. Go to the [Internet Explorer](#) update site to upgrade your Internet Explorer. **Note:** Quicklaw for Microsoft Office does not support any other browsers.

## Operating System

Quicklaw for Microsoft Office is a desktop application that does not run in a network terminal environment. You need **one of the following** operating systems installed on your local workstation to run Quicklaw for Microsoft Office:

Operating System	Requirements
Windows XP (32-bit only**)	Requires Service Pack 3**, Windows Desktop Search SDK, and any priority updates that Microsoft Windows Update provides. See <a href="#">Microsoft Support Article ID: 322389</a> for downloading instructions on this Windows XP Service Pack. (To determine which Service Pack version you have, right-click <b>My Computer</b> on your desktop, click <b>Properties</b> , and take note of the Service Pack (SP) version.)
Windows Vista (32-bit and 64-bit**)	Requires Service Pack 2**, Windows Desktop Search SDK, and any priority updates that Microsoft Windows Update provides. See <a href="#">Microsoft Support Article ID: 935791</a> for downloading instructions on this Windows Vista Service Pack. (To determine which Service Pack version you have, right-click <b>My Computer</b> on your desktop, click <b>Properties</b> , and take note of the Service Pack (SP) version.)
Windows 7 (32-bit and 64-bit**)	Requires any priority updates that Microsoft Windows Update provides.

\*\*[How can I tell if my computer is running a 32-bit or a 64-bit version of Windows?](#)

**Note:** If you do not have any of the above operating systems, visit [www.microsoft.com](http://www.microsoft.com) or contact a Microsoft reseller in your area to purchase and upgrade to the operating system that best meets your needs.

## Microsoft<sup>®</sup> Office Software

Quicklaw for Microsoft Office only works with Microsoft Office 2007 and 2010. Please ensure you have **one of the following**:

Software	Requirements
Microsoft Office Professional / Standard 2007 (32-bit)	Requires Service Pack 2, Hotfix KB976477, and any priority updates that Microsoft Windows Update provides.
Microsoft Office Home and Student 2007 and 2010 (32-bit and 64-bit)	Requires any priority updates that Microsoft Windows Update provides.
Microsoft Office Professional / Standard 2010 (32-bit and 64-bit)	Requires any priority updates that Microsoft Windows Update provides.
Microsoft Office Home and Business 2010 (32-bit and 64-bit)	Requires any priority updates that Microsoft Windows Update provides.

**Note:** If you are not sure which version of Microsoft Office you currently have, open Microsoft<sup>®</sup> Outlook<sup>®</sup>, click **Help** and select **About**. The **About** window provides the full version number including Service Pack (SP) information. If you use Microsoft Office 2007, make sure this window displays **(SP2)** after the full version number.

- Go to the **Microsoft Office** update site to find out more, or contact a Microsoft reseller in your area.
- Go to the **Microsoft Office 2007 (SP2)** update site if you want to upgrade to Microsoft Office 2007 (SP2).
