

# Snapshot View: View The Most Relevant Results On One Screen

Save time by browsing the most relevant documents retrieved by your search – on one screen – with the Snapshot View. Save even more time by using the Snapshot View to manage multiple documents easily by printing, emailing or saving them to Folders.

**A** Scroll and view the top three results by relevance for each of the content types.

**C** Click a document link to open to the full-text document.

**B** Deliver or save documents across content categories quickly! Browse and check the boxes of the document you want, then click the print, email or download icons or the Folder icon.
