Navigate practice areas and topics in Practical Guidance to find relevant documents for your workflow.

Select a **Practice Area** from the home page to see the **Topics & Tasks** available. In our example, we selected Employment.

The screenshot displays the Practical Guidance website interface. At the top, there is a dark blue navigation bar with the Practical Guidance logo, a Canadian flag icon labeled 'CA', and a 'Practice Areas' icon. On the right side of the bar are links for 'Ask Our Authors', 'History', 'Help', and 'More'. Below the navigation bar is a search bar with the placeholder text 'Search Practical Guidance'. To the right of the search bar are two dropdown menus: 'Employment' and 'All Jurisdictions', followed by a red search button with a magnifying glass icon. The main content area is divided into two columns. The left column is titled 'Topics & Tasks' and contains a list of links: Trends and Insights, Glossaries, Client Intake and Communication, Commencing the Employment Relationship, Compensation and Benefits, Managing the Employment Relationship, Minimum Employment Standards, Terminating the Employment Relationship, and Employment Litigation. The right column is titled 'Tools & Resources' and contains three items: Trackers, Legal Updates, and Quantums, each with a corresponding icon. A 'View All' link is located at the top right of the Tools & Resources section. At the bottom of the page, there is a 'Resource Kits' section with a 'View All' link.

Clicking any of the **Topics & Tasks** opens the following document types and resources, when available for a topic:

- Practice Notes
- Precedents
- Clauses
- Forms
- Checklists
- Tables, Flowcharts & Diagrams
- Articles

When you navigate through the **Topics & Tasks**, the pre-search filter is automatically set to the topic you are viewing. For example, if you selected Compensation and Benefits topic, the filter will be set to Compensation and Benefits. This feature allows you to quickly run a search under the desired topic if you are not seeing the document you want on the results page.
