

Need to follow the progress of Canadian Bills from the first reading through to proclamation? Want to be informed of any new regulations, or changes to regulations? If so, the **Canadian Legislative PULSE** is ideal for you.

Trusted

by legal experts across Canada

Law firms and corporations rely on the *Canadian Legislative PULSE* to stay abreast of the changes to legislation that impact their industries.

New and Improved

Continuous development on this product has allowed us to consistently add improvements based on customer feedback.

The PULSE now has the ability to search and send notifications for proclamations to Acts listed prior to 2002. These Acts that predate 2002 and are still active are now listed in the "Other Proclamations" section, allowing users to search and step-up customized email notifications.

Track

from inception to ratification

Created with all types of legal practitioners and lobbyists in mind, the *PULSE* allows you to stay on top of upcoming legislation and regulatory changes with one fully-searchable platform, complete with email customizable alerts based on your pre-determined needs.

Now you'll never have to worry about having the most current legislative knowledge; with the *PULSE* you'll have it right at your fingertips.

Beauty in Simplicity

When LexisNexis Canada was considering the functionality required to meet the need to keep abreast of legislative updates, several key qualities were incorporated:

Tools

Email Notifications

New Bills

Pulse Folders

Affected Legislation

Weekly Bill Report

1. Email Notifications

Set-up automatic email alerts according to your preferences. You could choose to be notified when a Bill is introduced or moves through a session, or anytime there are changes to a Regulation.

- New Bills
- · Affected Legislation
- · Customized Alerts
- · Weekly Bill Alerts

2. Searching

 Easily use keywords to search for bill titles or statutes affected that you are interested in

3. Customization

- Search and set-up email notification alerts for your areas of interest
- Earmark times of the day that you would like to receive your notifications, according to your schedule and/or preferences

4. Formatting

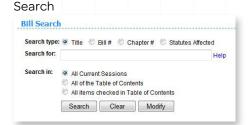

• Easily create PDF versions of any of your searches and results

5. Browser-Based Convenience

• *PULSE* can be run on any modern browser, including IE, Firefox and Chrome.

6. What's New Feature

 Identify what is new since your last log in with this 'update' feature
