ABOUT

Claritex Legalware Inc. is run by **Andy Mitchell**. For 32 years, Andy was head of development for PCLaw. During that time, Andy was heavily involved in many aspects of PCLaw: product planning, database design, development, and technical support. Claritex Legalware can use this experience to provide consulting, data repair, utilities and PCLaw addons.

WHAT DISTINGUISHES US

Andy was the head PCLaw developer for 32 years, he knows PCLaw and its database inside and out. Using this experience, Andy can provide custom programming solutions, consulting services, data repair and data utilities for firms using PCLaw.
