Insolvency & Restructuring			.										
Intellectual Property & Technology													
Litigation & Dispute Resolution					
Personal Injury (British Columbia)			
Personal Injury (Ontario)			
Wills, Trusts & Estates (British Columbia)													
Wills, Trusts & Estates (Ontario)													

Description of Calculators

Age on a Specified Date	Uses an individual's date of birth to calculate his or her age on any given date
Amount per Year, Month, Week and Day	Accepts a monetary amount on a per year, month, week, day or paid day basis and the equivalent amounts for the other time periods
Date to Date	Computes the number of days, weeks, months or years between two dates
Currency Converter	Converts between different currencies on specified dates or over a date range
Percentages	Computes percentage increases or decreases. For example, for a wage increase or a decrease for tax
Variable Interest	Calculates the simple or compound interest accrued. Multiple calculations can be performed to provide a grand total
CPI Calculator	Determines the effect of inflation on amounts, as well as the annual adjustment to payments where indexation is required

Interest on Judgment Debt	Computes interest on a judgment debt (either damages or costs) utilizing the appropriate post-judgment interest rate based on the jurisdiction and date of judgment
Life Expectancy	Identifies the life expectancy for a person, based on sex and province of residence
Grossing Up	"Grosses up" a net amount in order to take into account the incidence of income tax. The amount to be grossed up is the part of the award or amount that is subject to tax. The tax rate at which the individual will be liable to pay income tax should be entered
Threshold Merger	Designed to carry out an analysis of a planned multi-jurisdictional merger to determine any jurisdictions where a merger notification may be required
Gross to Net	Estimates net income from gross income figures

How to Access Calculators

Quick Reference:

Practice Area Page > Tools & Resources tab > Select Calculators > List of Calculators > Select individual Calculator

The screenshot shows the LexisNexis Employment page. At the top, there is a breadcrumb trail: Home / Employment. Below this, the word "Employment" is displayed with a dropdown arrow labeled "Actions". A navigation menu is visible, with "Topics" expanded to show: Trends and Insights, Client Intake and Communication, Commencing the Employment Relationship, and Compensation and Benefits. To the right, there are three tabs: "Content Type", "Jurisdiction", and "Tools & Resources" (which is highlighted with a red underline). Under "Tools & Resources", there are three columns: "Toolkits" (Breach of Confidentiality, Termination Package, Employment Contract), "Quantums" (Wrongful Dismissal Quantums, Wrongful Dismissal Notice Searcher), and "Calculators" (Employment Calculators).

After clicking on the link for calculators, all the calculators relating to the module will be shown.

The homepage of the calculator will describe the calculator and how to enter the fields for the calculator.

The screenshot shows the LexisCalculate - EMPLOYMENT page. At the top, it says "LexisCalculate - EMPLOYMENT". Below this, there is a "Quick Calculators" section. A sidebar on the left lists various calculator categories: Employment Calculators, Age on a Specified Date, Amount per Year, Month, Week and Day, Date To Date, Percentages, Variable Interest, Days of Service, and Interest on Judgment Debt. The main content area features a large heading "Welcome to Lexis Calculate Employment" and a sub-heading "Welcome to LexisCalculate and our range of calculators designed to save you time when working on employment matters."
